"THINGS QUICKLY END"

Into the stream of life fall tears . . . each second of each day . . . but just as quickly as they fall . . . the tide takes them away . . . it's the same with happiness . . . which quickly comes and goes . . . fast as a fleeting arrow . . . swift as the wind that blows . . . with this in mind we should proceed . . . with the lightest possible heart . . . we're up, we're down, we're in, we're out . . . things end before they start . . . those with a positive outlook . . . can and will succeed . . . the ability to think thoughts sublime . . . can fill most any need . . . so as you travel onward . . . remember what I've penned . . . into the stream fall joys and tears . . . and all things quickly end.

Girl Scout News

Girl Scout Troop 786 of St. Francis Xavier Church made a visit to the foresters' station at Caledonia on Saturday. Richard Hartman explained the duties of the forest ranger. He also answered questions for the girls who are working on their conservation badge. Mr. Hartman contacted the tower at Big Flat and the girls listened in on a two-way radio conversation. Scouts were given Junior Ranger badges, bookmarks, and a copy of the conservation pledge.

The troop went on to Caledonia Park for lunch and an afternoon of fun. A baseball game was the highlight of the afternoon.

Girls present were: Nancy Toomey, Mary Ann Hartzell, Kathy Rinehart, Freda Hankey, Christine Rodgers, Lucille Loyd, Karen Steinberger, Norine Lovett, Maxine Hess, Mary Ann Redding, Donna Asper, Kay Sneeringer, Anne Steinour, Sue Steinour, Karen Riley, Carol Weishaar, Pat Black, Linda Oyler, Betty Ann Harding, Judy Boland; adults, Mrs. Hallette Harding, Mrs. James Sneeringer and Mrs. Paul Boland.

Intermediate Girl Scout Troop 757, Fairfield, will meet Tuesday evening at 6:30 o'clock. The girls will attend the Shrine Circus in Harrisburg Thursday afternoon, leaving the Fairfield Joint School at 2:30 o'clock.

Worst Forest

moved three times to other landings areas in other orchards. Every effort was made to keep the temporary heliports within a quarter of a mile of the blaze.

Gusts of up to 40 miles per hour hurled the flames ahead a number of times when firemen thought they had the blaze under control. The wind also made it difficult for the 'copters to get the water to the exact spot they wished. The 'copters worked along one side of the front of the blaze assisting in driving the fire down into pockets where it could be controlled.

Vanidestine said the fire started off the Shippensburg-Wenksville Road near the former Senator Martin farm now occupied by Clark Shaffer and burned back of the Ergie Tuckey property on Biglerville R. 1.

HUNTING CAMP THREATENED

One of the forest fire crews taking part was Tuckey's. Other fire crews from the immediate area battling the blaze were those of Alfred Delp, Idaville; Charles Bretzman, Bendersville, and Elmer Thomas, Gardners R. 2.

Food was taken into the mountains for some of the crews. Bendersville firemen and the Bretzman fire crew were provided with food by Misses Sarah and Ruth Bretzman and Mrs. Duane Bretzman of Bendersville.

Upwards of 200 men took part in the fire fight. Among their duties was preventing the fire from spreading to any buildings in the area. It was reported that the fire burned up to the Robert Lott camp atop the mountain but did not damage that structure.

8 FIRE COMPANIES

Vanidestine reported that on one of the helicopter flights he made over the area the fire was burning along an orchard near a house and flaming debris was floating across an orchard and house, but a fire truck was at the scene and later reconnaissance showed no damage had occurred to the house.

Bendersville firemen were summoned to the blaze at 1:58 Sunday afternoon, followed by Arendtsville, Biglerville, Mt. Holly Springs, Fayetteville, Boiling Springs, Shippensburg and McSherrystown firemen.

McSherrystown responded when fire companies at the scene, having difficulty with spectators' cars filling the roads, called for fire police assistance. McSherrystown firemen, hearing the call on the radio, immediately responded.

PLACE NIGHT WATCH

Biglerville firemen were released at 10:44 Sunday night when the fire in their sector came under control. Arendtsville was released at 11:09; McSherrystown at 1:22 this morning and Bendersville at 2:22 this morning.

Cashtown firemen were called at 1:04 this morning to replace those being released from the duty and remained on the scene until 7:25 this morning.

While the major fire was in Wenksville, three other Adams County fire companies were busy with blazes Sunday afternoon.

OTHER BLAZES

Heidelsburg was called to a grass fire near the Jacoby chair factory at 2:30 Sunday afternoon. Fairfield and Fountaindale and the Fairfield forest fire crew under Kenneth Sites responded to a woods fire in Snyder's Hollow about 4 o'clock. Sites said about six acres burned over before the 35 men fighting the blaze brought it under control about 6:30 o'clock. The fire was a mile from any road, complicating the fight.

Sites said the fire either started from a cigarette or was set "since there was no other way for it to start."

Security Council Meets On Laos

WASHINGTON (AP) — President Kennedy holds another strategy session with the National Security Council today, seeking ways to shore up Laos' uneasy neutrality.

Relentless Red pressure on the small Southeast Asia kingdom was the subject of a similar meeting Saturday and prompted the departure for Europe Sunday of Undersecretary of State W. Averell Harriman on a save-Laos diplomatic mission.

Pro-Communist Pathet Lao forces have been threatening to dominate all of northern Laos, but Harriman left Washington on an optimistic note.

"The Neutralists seem to be holding out from the accounts that are coming through," he said. "They seem to be quite determined not to give up."

SLOW PACE BY CONGRESS

WASHINGTON (AP) —Congress will have to work harder if it is to produce a respectable batting average before this session ends.

Returning today from a 10-day Easter vacation, Congress had little to show for the almost four months it has been in session.

It has enacted eight public laws, the more prominent of which extended the draft and made Winston Churchill an honorary citizen.

There are no signs of a big legislative push in the offing, but Senate and House leaders have served notice that there will be little time-off if the legislators want to wind things up by Labor Day.

The House has not held a session since April 11. The Senate held two brief and non-productive meetings since then.

The official "Status of Major Bills" lists only two of the dozen or more annual appropriation measures on the way toward enactment. They provide funding for the Interior Department and the Treasury-Post Office Departments. Both have passed the House only.

ONE HUNDRED YEARS AGO

Mr. D. K. Snyder, as Administrator, has sold the mansion property of the late Col. Baltzer Snyder, in Heidersburg, to Mr. Philip H. Houck, for \$500 cash.

The Adams Dragoons will parade at Gettysburg on Saturday, the 9th day of May next, at 10 o'clock. Every member is expected to be on parade on that day or the Company will be disbanded and the arms required to be delivered up. By order of A. Hill McCree, Captain.

War With England: The fight at Charleston gives us peace with England for at least one year. It demonstrated the fact that twenty or thirty of our ironclads can destroy all of the present navy of England without being at all damaged by any English cannon. This fact is a bail bond pledging England to keep the peace with us for one year at least, even with her enormous facilities for the construction of iron-clads.

An expedition against the "Snake" Indians in Oregon is planned for this summer. Seventy transportation wagons and four hundred mules have been purchased for the use of the expedition. The ruthless slayers of women in that region will most assuredly be cleared out by the Oregonians, who display much enterprise in Indian hunting, as well as in everything else they undertake.

On Monday night a member of a Pennsylvania regiment on picket complained of feeling ill. The surgeon of the regiment was called, when there was some whispering instituted. The sick soldier was a woman, enciente, of course. The result of the surgeon's work was the delivery of a fine boy. Gen. Josh Owen named the child Pickett Falmouth Ellsworth.

Bread Riots: Bread riots, which the rebels were so fond of predicting in the early stages of the national crisis, have indeed arrived; but, unhappily for the prophets, they are at their doors and not at ours. In the very capital of the Confederacy, under the eye of Jeff Davis and his accomplices in mischief, three thousand starving women have raged along the streets, broken open and sacked stores, and supplied themselves with food and clothing wherever they could. A few weeks ago a similar disturbance was reported as taking place at Savannah; and a short time before the women of Atlanta helped themselves in like manner, presenting pistols at the heads of shopkeepers. At Raleigh, N. C., a company of women went to a store and appropriated several barrels of molasses. At Salisbury, in the same State, on the 18th ult., a mob of soldiers' wives armed themselves with hatchets, and visited one store after another, demanding and obtaining flour and molasses. Another riot has since occurred at Petersburg. We may well imagine that these six instances are only a part of the cases which have continually occurred thus far, and only the beginning of what is yet to come.

The Raleigh Standard says: "Bread riots have commenced, and when they will end God only knows."

The granite quarry of Roch & Tawney, on S. M. Bushman's farm, Cumberland township, is turning out some fine stone. Last week one block was taken out 50 feet in length, 3 1/2 feet deep and 3 1/2 feet broad. This is said to be the largest stone ever quarried in Pennsylvania. Granite weighs

COMPENSATION

The fight for onwardness, it does seem, lies much in the path of great opposite forces.

We set out for the thing we most want with great enthusiasm. But like when a sudden storm comes, we have to hunt shelter, finding our planned-out journey spoiled — but seeing the country enriched by the rain that has satisfied the thirst of the dry ground.

The flower is picked but its fragrance becomes a permanent part of the air where it once stood so proudly and waved its beauty.

The thinking man is beckoned to his unknown home — but he lives on and on in countless lives. Evil comes — but with its coming good is aroused to its divine frenzy, until the very atmosphere is scented with victory.

For every loss there is a greater gain.

Our tears are always washed away by a flood of sweetened memories that keep green the very path over which we walked so many times with the one we loved.

In a simple spot in northern New York now rest the ashes of "Old John Brown." There might have been cut into the stone that marks the place something like this: Here lies the evidence of a scaffold glorified!

When you seem most lost, then it is in reality that you may be found the easiest.

Service is crowned with greatness, which is no mean reward. You have to get in order to give — but by giving lavishly, you in turn get more.

The cheapest returns come to him who pays the least for them. Whereas in abundant reward there is inherited a richness of harvest by him who gives the best that he has of brain or brawn — granaries bursting with ripened grain.

All along we have to pay. But the more willingly it is done, the sooner are we free.

MOODS

Strange are our moods. The slightest fear
Can cast its shadow everywhere we go;
Again our eyes like lighted lanterns show
A flame betokening happiness and cheer.There is the solemn mood which sorrow leaves,
That must, ere long, by faith be put aside;
The mood which falls when pleasures are denied,
And that rich mood which deep contentment weaves.These moods are proof that man is more than beast;
That he for some high purpose has been made,
Can hope, have pity, laugh and be afraid;
Endowed for Heaven—the great and the least!

OLD BELIEVERS: The United States is providing haven for 200 to 250 members of a religious sect whose descendants left Russia for Turkey 300 years ago.

The group, the Old Believers sect, settled on the shores of Lake Manyas after splitting from the Russian Orthodox Church in a 17th-century dispute over church rituals.

Since 1959, Atty. Gen. Robert F. Kennedy said Sunday in an announcement, they have been under pressure from the Soviet Union to return and about 1,000 have done so. Those remaining in Turkey appealed for permission to enter the United States and the Tolstoy Foundation of New York has undertaken their sponsorship and resettlement.

RACIAL: Atty. Gen. Robert F. Kennedy foresees another decade of racial disturbances in the United States before Negroes have

luncheon in New York that the planned moon mission is "the grandest exploration of all time."

All Americans serving prison terms in Cuba—believed to number between 20-27—are returning to United States, negotiator James B. Donovan says.

LOS ANGELES (AP)—Here it is Monday, two days after he was supposed to be fired, and Manager Walter Alston of the Los Angeles Dodgers still has a job.

He also has an apology from Head Coach Bob Kennedy of the Chicago Cubs.

Kennedy, who once played under Alston, was quoted as saying in San Francisco that if the Dodgers lost to Houston Saturday "Leo Durocher will be the manager Sunday."

Well, the Dodgers lost 9-6 Saturday, but Durocher was still the Dodger third base coach Sunday.

GETS BIG ASSIST

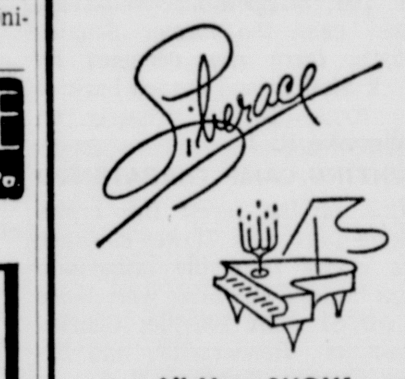

And, if Alston was in any kind of trouble with the front office, the Dodgers gave him a timely assist by beating the Houston Colts twice Sunday, 11-3 and 6-5. Alston said Kennedy called him before the Sunday doubleheader "and told me it came out a little different from the way he said it." "Did he apologize?" a newsman asked.

"Yeah," said Alston. Alston was not visibly angered, but Dodger General Manager Buzzie Bavasi responded with a little less restraint.

"Kennedy's got enough problems of his own not to have to worry about ours," Bavasi said. Bavasi told newsmen he wasn't saying Alston will never be fired. But, he said, no such action is contemplated now.

Like the idea of a coffee-flavored marshmallow sauce to top chocolate ice cream for a Mocha Sundae? Stir a teaspoon of powdered coffee into a tablespoon of boiling water, add half a cup of marshmallow cream and blend. Enough topping for four servings of ice cream.

Eastern League

By THE ASSOCIATED PRESS

Reading scored its first victory of the young Eastern League baseball season Sunday, but it had to go 17 innings to do it, defeating the Springfield Giants 5-3.

Reading first baseman Bob Lawrence struck the winning blow a triple off Frank Rivas to score Gino Giannini and Rice Petrocelli. Left hander Steve Chamos, who pitched seven scoreless innings in relief, was the winner, and Ken Bracey, who put the winning runs on base, was the loser.

In another Sunday game, York remained in first place by scoring its third consecutive victory against no defeats, 3-2 over Charleston. Larry Stankey's home run in the top of the sixth was the decisive blow.

At Binghamton, Mickey McGuire hit a two-run home run in the first of the ninth as Elmira defeated Binghamton 2-1.

In Saturday's Games Springfield defeated Reading 2-0, Binghamton turned back Elmira 4-1, and York defeated Charleston 5-0.

Termites Are Swarming
In Gettysburg Now

Home Owners Report Worst Season In Years

Cold Winter
No Barrier
To Termites

Home owners all over this area have reported unusually large swarmings of termites. Evidently, safe in their nests below the frost line, termites were not affected by the continuous sub-freezing temperatures of the past winter. Concealed from view, termites burrow up from the ground in search of food, usually wood, and often attack the supporting under-structure of homes. Only an inspection by experts can determine if the under-structure is infested. If termite infestation in your home is allowed to spread unchecked, very costly damage can occur—far out of proportion to the few pounds of wood the termites actually eat.

If you see an insect that looks like this, your home may be in danger!

It is difficult for home owners to tell the difference between termites and flying ants. If you have termites, you have TROUBLE. They just bore in and start eating. Brick, stone or concrete will not necessarily stop them. Because they hide while they destroy, their presence is rarely discovered by the home owner until the damage has been done. Don't take a chance. Call Terminix now and have an expert determine whether or not those insects are really termites. There is absolutely no cost or obligation for an inspection and a reliable recommendation. Terminix is the world's largest termite control organization—with 35 years of dependable service.

If your home qualifies—as have thousands of others in this area—Terminix will take on the entire responsibility for protecting your home—and every item in it—against the expense of treatment and also against any future damage by subterranean termites. If damage should occur, repairs and replacements up to \$5,000 will be made without any cost to you whatsoever. A pair of homers by shortstop Ray Moyer paced the Lafayette Leopard baseball team to a 15-6 win over the Gettysburg Bullets here Saturday afternoon. The loss almost completely eliminates the Bullets from successfully defending their Middle Atlantic Conference, university division crown.

Moyer, who went three for three and scored three runs and drove in five more, uncorked his first blow on the first pitch to lead off the third inning. His second four-bag shot came in the eighth with John Solewski on base. Don Lorden completed the four-run third inning with a circuit clout of his own with a man on. His was also a first pitch sock off started Ted Koerner.

First baseman Frank Martin contributed to the Gettysburg cause by smashing a homerun in the four-run seventh inning with Ken Snyder on base.

FAST START

Lafayette teed off quickly with four unearned runs in the top of the first inning and never stopped. Gettysburg scored one in the third when Ed Curtis walked, stole second and scored on Martin's single to center. Gettysburg's sixth run came in the ninth when Martin again singled, went to third on a walk to Gerken and an infield miscue, and scored on Jim Riccobono's sacrifice fly to left.

Martin paced the Bullets' attack with a trio of safeties, scoring two runs and driving in three. He had gone one for 23 up to Saturday's contest. Koerner started on the hill for the Bullets, but, after being tagged for eight runs in the first three innings, received relief from Bill Forester. Koerner is charged with his third loss in four decisions.

Tom Kozo began the game for the Leopards and went on to win his second against one setback but not before Ed Hughes came in to help out in the eighth.

JOHANSSON IS SAVED BY BELL IN LAST ROUND

By DICK SODERLUND
STOCKHOLM, Sweden (AP)—Brian London, still nursing a grudge against Ingemar Johansson for a scornful remark a few years ago, sat in his dressing room and snarled:

"His kid sister sure must be better than that."

London, unmarked and angry over the 12-round decision that went to Johansson Sunday night after the former heavyweight champion was saved by the final bell, was referring to a remark Johansson made about him.

STUNS EX-CHAMP

It came in the days when Johansson was riding high and brushed off a possible fight with the Britisher by saying "my kid sister can beat London with one hand tied behind her back."

The 12-round bout, billed as another step in Johansson's march to a return shot at the heavyweight title, ended with Johansson staggering to his feet, his eyes glassy and his arms hanging at his side.

Johansson apparently had the better of the dull fight until the final minute.

SAVED BY BELL

He concentrated on his left jab to pile up points, and never landed his famous right hand.

London carried the fight but he could not land a solid punch until the final seconds when he stunned Johansson with a left and crashed him to the canvas with the right.

The count had reached four and Johansson had just lurched to his feet when the final bell rang.

Referee Andrew Smythe of Ireland, the sole judge, awarded the fight to Johansson, but said later he probably would have stopped the fight and given it to London if the bell hadn't rung.

BETSY RAWLS WINS TOURNEY

MIAMI, Fla. (AP) — Veteran Betsy Rawls emerged today as the woman to beat in the upcoming Titleholders championship in Augusta, Ga., after capturing the \$7,500 Sunshine Open Golf Tournament.

"If I continue putting well, I should be up there," said the Spartanburg, S.C., linkster of the April 25 Augusta event. "My driving must still improve."

Miss Rawls slumped to a 6-over-par 78 on the 6,300-yard Lejeune golf course Sunday, but her 220 card for 54 holes was three strokes better than those of Mickey Wright, Dallas, Tex., and Kathy Whitworth, Jal, N.M.

Betsy, a Ladies Professional Golf Association Hall of Fame member, took \$1,200 top money. Mickey and Kathy each earned \$850. The victory was Miss Rawls' 47th in eleven years of professional golf.

BONJOUR AND NO ROBBERY ENTER DERBY

By JOHN CHANDLER
Associated Press Sports Writer

Fresh reinforcements to battle Candy Spots and Never Bend in the 89th Kentucky Derby will be on the way from New York this week. They are the Greentree Stable's No Robbery, a speedy but erratic colt who won the \$90,800 Wood Memorial at Aqueduct Saturday and the runner-up — Patrice Jacobs' Bonjour.

There were three races on the Saturday program with Derby flavor. In addition to the 1 1/4-mile Wood in New York, they were the \$42,900 California Derby at Bay Meadows, San Mateo, Calif., and the \$10,000 Hallandale Handicap at Gulfstream Park in Florida.

Whether they produced a Derby starter remains to be seen.

On My Honor, owned by the Ambush Stable of Mike and Jack Stein, Los Angeles, made like Silky Sullivan when he came from 26 lengths behind the pace to capture the California Derby.

On the other hand, Russell A. Firestone Jr.'s Jet Traffic took a long early lead at Gulfstream, then held on to beat R. F. Ben singer's In the Pocket by a nose.

In the Pocket was closing in with every stride at the finish of the 7-furlongs.

No Robbery led all the way at Aqueduct, to remain undefeated in five starts and the prospects are good that the Derby May 4 will have two unbeaten colts to pick between Candy Spots, pride of California owned by Rex Ellsworth and current favorite for the 1 1/4-mile Derby, has won all six of his races, including the Santa Anita and Florida Derbies this year.

Candy Spots is 6-5 at the latest odds in the Caliente future book, followed by ever Bend 2-1 and No Robbery, 4-1 at the present and 10-1 two weeks ago. Others are Bonjour 8-1, In the Pocket 12-1, Outing Class, Chateaugay, Jet Traffic, Rajah Noor, On My Honor and Get Around 20-1.

Abel Winner In Lincoln Feature
Wrightsville's Bobby Abel captured the opening 26-lap feature race for sportsman-modified cars at Lincoln Speedway Saturday night.

Neil Haight, Diz Dean and Roger Sowers followed Abel in that order, across the finish line. Heat winners were Bobby Hersh, Haight, Loudan Potts and Ken Slaybaugh while Johnny Dubendorf won the consolation event.

Slaybaugh, from Hanover, earned first place in the limited sportsman feature with Junior Eckert second and Bernie Koons third.

Another program is scheduled for 8:30 p.m. Saturday.

AGUIRRE BEATS BOSOX; BIRDS SPLIT SUNDAY

By JACK HAND
Associated Press Sports Writer

If any critics still think Hank Aguirre was a flash in the pan last year when he led the American League pitchers, they are referred to the latest batch of statistics.

Aguirre, the new Yankee killer of the Detroit Tigers, has started three games, won three games and pitched three complete games. His earned run average unofficially is 1.67, better than his leading 2.21 of last year.

Aguirre gave up eight hits and fanned seven, running his season's strikeout total to 20 with a 3-2 victory Sunday over Boston.

ORIOLES TRADE SHUTOUTS
Baltimore traded shutouts with Cleveland and remained a half game ahead of the pack in the American League. Steve Barber blanked the Indians with four hits, 7-0, striking out 11 and Dick Donovan retaliated with a four-hitter 2-0 against the Orioles.

It was the same story in Chicago where Minnesota's Jim Roland, a 20-year-old rookie southpaw making his first start, shut-out the White Sox 7-0 with three singles. Then the Sox's John Buzhardt came right back with a four-hitter, 8-0.

Jim Bouton came to the rescue of Ralph Terry in the second inning and pitched the New York Yankees to a 7-6 edge over Washington, Leon Wagner's three-run homer enabled Los Angeles to best Kansas City 6-2.

BOSTON WINS FIRST
Aguirre was Manager Bob Scheffing's last hope in Boston where the Tigers had dropped three in a row after sweeping two from the Yanks. A three-run homer by Norm Cash off Bill Monbouquette, a 420-foot drive into the right field bleachers, was the big blow. Bob Tillman homered for Boston.

Baltimore racked up bonus baby Sam McDowell in the first inning while Barber coasted home with his third victory. Then Donovan, making his first start in 10 days, cooled off the Birds and snapped their four-game winning streak by beating Robin Roberts.

Bouton had some shaky moments for the Yanks but retired the last nine batters in succession for his first victory. Terry was slammed for five hits and four runs in 1 1/2 innings. Tom Tresh homered for the Yanks.

ROMP FOR BUZHARDT
Roland's success gave the Twins yet another left-hander on a staff that already is lopsided on the port side. He gave up two singles in the first inning, walked nine but struck out seven. Bob Allison hit a two-run triple and his fourth homer. Buzhardt had no serious problems in his second game romp in which rookie Pete Ward led the White Sox attack with three singles and four runs batted in.

Lee won his second for the Angels but he needed help in the ninth when the A's had two on with two out. Jack Spring retired pinch hitter Haywood Sullivan to end the game.

Bob Charles Wins Houston Golf Classic
By MAX B. SKELTON
HOUSTON, Tex. (AP) — Sponsors of the \$50,000 Houston Golf Classic were searching for a formula to prevent a fifth straight playoff and they found one in the form of Bob Charles, a left-hander from New Zealand.

Charles, 27, not only halted the Classic's playoff habit but he won the \$10,000 in top money with a 72-hole record 268. He also became the first left-hander to win a PGA-sponsored tournament.

The New Zealander—11 under par and three strokes in front after the first three rounds—needed a one-under 69 final round Sunday to turn back thrilling challenges from Fred Hawkins, a veteran pro, and amateur Homero Blancas, the son of a greenskeeper at Houston's exclusive River Oaks Country Club.

NICKLAUS FALTERED
As Jack Nicklaus, a 5-1 pre-tournament favorite, faltered with a rash of bogies, Hawkins picked up three strokes on Charles with a final round 66 and a 269 that was worth \$4,600. Blancas, who shot a 302 in the 1963 Masters, had seven birdies while taking a 64 and a third-place 270.

Charles, the New Zealand bank clerk, was seeking his first PGA tournament title.

Nicklaus, the new Masters champion, had to settle for a 71 and \$3,000 for a fourth-place 273 after posting three bogies and three birdies on the front nine and two bogies and one birdie on the final nine.

Gary Player, who also held 5-1 odds Thursday with Nicklaus, came back with a fourth-round 67 and a 263 for \$400, his lowest finish and money take of the year.

DESTRUCTIVE WINDS SLASH FIVE STATES

By THE ASSOCIATED PRESS

A lull settled over the Midwest Saturday after tornadoes and destructive winds ricocheted around five states Friday, killing at least one person, injuring scores and leaving a wide trail of damage.

The violent winds ripped through St. Francisville, a hemlet in southern Illinois, killed an elderly woman and injured at least 20 persons. Damage was widespread.

Damage mounted into the millions of dollars as other winds attacked portions of Kentucky, Michigan, Ohio and Indiana.

FACTORY COLLAPSES

Damage was reported in North Ridgeville, Marion and Akron, Ohio. Winds in Akron were measured at 62 miles per hour. Seventy-three workers miraculously escaped injury in Akron when the front of a steel and brick factory collapsed.

In other parts of Illinois, winds measured at 90 miles per hour tore through Chicago suburbs. In the suburb of Crystal Lake, a blast of wind moved a hangar off its foundation and deposited it 150 feet away at Crystal Lake Airport, damaging 11 of the 21 planes inside.

Much of the nation was wet today, the result of a deep low pressure area in the northern Great Lakes area.

JAKARTA, Indonesia (AP)—Communist China and nonaligned Indonesia called Saturday for a peaceful settlement of the Chinese-Indian border dispute.

PHILADELPHIA (AP)—A sev-en-year-old girl was found dead Friday night, face down in a 15-foot drainage ditch in the city's northeast section.

GM CHAIRMAN PAID \$791,475

DETROIT (AP)—Frederic G. Donner, chairman of the board of General Motors Corp., received \$791,475 last year to become the highest paid executive in U.S. automotive industry history.

Seven other directors and offi-cers of the world's largest auto company were in the \$500,000-plus bracket.

The federal income tax man took a major share of Donner's earnings, however. A company source estimated Donner would pay \$682,065 in federal taxes, leaving him with \$109,410 net earnings.

GM's—and the auto industry's—previous high payment was the \$776,400 paid to the late Harlowe Curcio in 1955 when he was both chairman and president of GM.

Donner's payment included \$201,475 in salary; \$442,500 in bonus and \$147,500 in contingent credit.

Contingent credits are pay-ments granted to top GM execu-tives in the company's stock op-tion plan.

Second to Donner last year was John Gordon, GM president, who received \$726,100, including \$181,100 in salary, \$408,750 in bonus and \$132,650 in contingent credit.

POTTSTOWN, Pa. (AP)—Nitric acid leaking from a tank truck killed more than 1,000 fish Friday in Beaver Run about two miles south of here.

The leak was noticed by the driver, Edward Gray, Wood-bridge, N.J., who was sitting be-side his parked truck along Route 100 eating lunch. He alerted the South Coventry Township fire de-partment which pumped 7,500 gal-lons of water on the acid in ef-forts to dilute it.

DE GAULLE IS ADAMANT IN NUCLEAR FORCE

By JOSEPH E. DYNAN

PARIS (AP)—President Charles de Gaulle remains determined that France build up her own nuclear strike force. He also wants the European Common Market to push forward—but without Brit-ain.

De Gaulle restated these key points of his foreign policy in a nationwide radio and television speech Friday night. He also called on workers to use restraint in their wage demands in order to avoid inflation.

French survival in the nuclear age demands a purely independent national atomic arsenal, the 72-year-old leader said. It wasn't safe depending on allies, he added.

ALLIES NOT RELIABLE

De Gaulle pointed to the vast American nuclear armory, but said it was not certain how or where the United States would use it.

"Taking into account this im-mense and inevitable uncertain-ty must possess the wherewithal to reach any aggressor state, that is—the wherewithal to dissuade it from aggression, and, according to circumstances, the wherewithal to contribute to the defense of its allies."

"Who knows? This might in-clude America."

De Gaulle was speaking publicly for the first time since he turned down an American offer of Polaris missiles and nuclear submarines at a Jan. 14 news conference. It was then he also turned down Britain as a Common Market member.

The American League had ten 20-game winners in 1920, as many as it has had in th past six years put together.

A Lovelier You

WEDDING WEAVING. The mother of a bride-to-be writes: My only daughter is to be married in late June. There will be a church ceremony, followed

by a reception for about 100 guests. Planning the event and weaving all the details together has me a bit flustered. How should I go about it?

The Answer: Depending on the size and formality of a wedding, the arrangements differ some-what. But, give or take a few details, the basics are the same:

● As soon as the date is fixed, consult your clergyman as to his availability.

● Immediately engage the re-quired facilities for the rehearsal, ceremony and reception — the church, hotel, club, home cater-ing service. At that time arrange for music and, if desired, for aisle canvas and canopy.

● Make haste to select the bridal-party attire. Delivery may require six weeks.

● In concert with both fami-lies, compile the invitation list. Order invitations to allow for ad-dressing and mailing at least three weeks in advance.

● One month ahead consult a florist about decorations and bouquets. Finalize reception menu and order the cake. According to your needs arrange for a photog-rapher, transportation, and out-of-town guest accommodations.

● After that turn your atten-tion to a rehearsal supper, unless someone else asks to play host and to cataloguing acceptances and gifts.

● Check all arrangements one week before the event. Through-out, a notebook with itemized lists of duties and pleasures with completion dates would be of great help. The advice of a bridal salon consultant would prove in-valuable. But, planning aside, the

FAVORITISM IS CITED BY OTIS MORSE

HARRISBURG (AP)—Pennsylvania Democrats made examples of recent incidents involving two prominent Republicans to support their weekend charges that the Scranton administration was playing "political favorites" in state government.

The examples cited by Democratic State Chairman Otis B. Morse involved in hiring of Mrs. Louise Russell of Wilkes-Barre to a post in the Revenue Department and the lifting of the driving license suspension handed to Arthur T. McGonigle Reading.

SYSTEM "WEAKENED"

Morse used McGonigle, the unsuccessful GOP candidate for governor in 1958, to accuse the administration of gradually weakening the state's drivers' license suspension system.

McGonigle had a two-month suspension for speeding lifted by the state Traffic Safety Bureau after serving only two weeks of that time. The bureau said it rescinded the suspension because of McGonigle's 41-year driving record.

McGonigle has since refused to accept what he called the "preferential treatment," and Morse chided in:

"JUST ONE MORE"

The incident is "just one more" in a gathering series which all point to a gradual weakening by the Scranton administration of the outstanding traffic safety record which Pennsylvania had earned in the past few years."

Mrs. Russell, the secretary of the GOP state committee, was hired earlier this month as chief inheritance tax appraiser in the Revenue Department's inheritance tax office in Wilkes-Barre. Her salary was \$7,722 a year, as opposed to the salary of \$6,300 Morse cited for her Democratic predecessor.

U.S. BASEBALL TEAM BEATEN BY CUBA 13-1

By JERRY LISKA

SAO PAULO, Brazil (AP)—The fourth Pan American Games, scarcely under way, left the big United States squad jolted by a few surprises today.

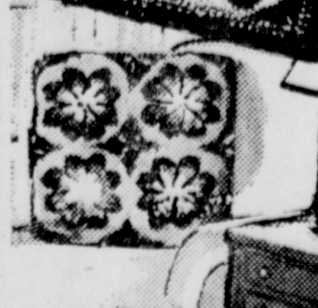

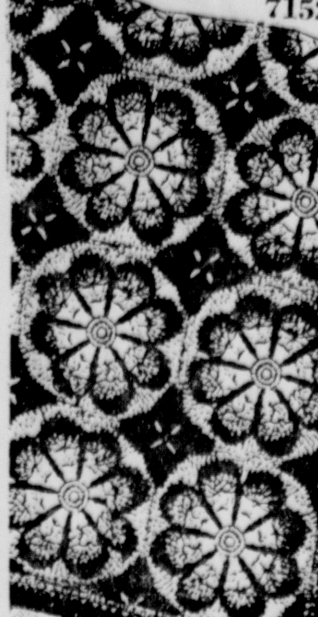

Although swimmers splashed to two Pan Am records and Uncle Sam's basketball team scored a walkway 93-65 opening triumph over Puerto Rico, Cuba's baseball team clobbered the Yankees, 13-1 Sunday.

Additionally, the United States' four-member tennis team found itself outnumbered by host Brazil and Mexico in some sort of organizational blunder.

In the first athletic contest between Cuba and the United States since the Castro regime began, the U.S.A. baseball forces were humiliated by the Cubans.

Clark, 19, came up with a 54.7 meet record clocking in his 100 meter free style heat.

Giant Pine Tree Dies, Is Cut Down

CRIVITZ, Wis. (AP)—"Old Red Pine," designated by the as the largest Norway pine tree in the world, has been cut down. The 10-story-high tree toppled recently after the association said it was dying.

The 363-year old tree, 8-feet 10-inches in circumference, had survived lightning, rifle fire and the Peshtigo fire which ravaged six northeastern Wisconsin counties in 1871.

It is expected to yield 1,760 board feet of lumber.

BERLIN CRISIS HAS PRIORITY RUSSIA WARNS

Copyright 1963 By The Associated Press

MILAN, Italy. (AP)—Soviet Premier Khrushchev warned today that settlement of the problem of divided Germany, and especially Berlin, must take precedence over disarmament and other burning world issues.

Only if this East-West question is solved, he told the newspaper Il Giorno, would others fall into place.

BLAMES U. S.

Khrushchev blamed the United States for everything going wrong, and especially the deadlocked disarmament negotiations.

If the United States would just accept the Soviets' word without insisting on inspections, the premier said, an agreement to end nuclear tests could easily be negotiated.

He also repeated the Soviet threat, made before at Geneva, to withdraw its offer of two or three nuclear inspections a year if the United States continued to insist on seven or eight.

He himself, said Khrushchev, did not believe in God, but those who did—obviously meaning President Kennedy—had the moral duty not to build nuclear weapons.

RAPS SUB BASES

The Soviet chieftain denounced the stationing of nuclear submarines to the Mediterranean, "almost under the walls of the Vatican," despite the peace pleas of Pope John XXIII.

He claimed the subs and the U.S. insistence on sending nuclear warheads to Canada were intended to divert any Soviet reprisals from the United States to its allies.

Khrushchev's giving an inter-

view to an Italian newsmen was considered strategically timed to affect the Italian parliamentary elections next Sunday. Il Giorno is owned by the state oil company and supports Pietro Nenni's left-wing Socialists.

"NOTHING NEW"

In Washington, U.S. officials said they found nothing particularly new in Khrushchev's statements. The last foreign newsmen to interview him was Canadian publisher Roy Thomson on Feb. 9. On what he considered the key question of world peace, Khrushchev said:

"The tension in the center of Europe can not be eliminated without the conclusion of a German peace treaty and the normalization on this basis of the situation in West Berlin."

"And without tranquility in Europe there will not be tranquility in the world."

"The question arises: either a search for agreed solutions and development of international relations towards an effective reinforcement of peace or an ever increasing international tension that could turn into thermonuclear war."

He said the easing of the Cuban crisis had not led to an easing of the cold war. He blamed this on America.

"In the United States," he claimed, "there are forces which continue the old policy of 'from a position of strength.'"

Spaceman Glenn Proposes Information Center For Use Of Business-Industry

NEW YORK (AP)—Astronaut John G. Glenn Jr. proposed today creation of a national information center into which would be channeled the vast new quantities of space age information.

The Marine lieutenant colonel, first American to orbit the earth, made the proposal in a speech prepared for delivery to editors and publishers at the annual Associated Press meeting.

Glenn said that while a national information center "can be initially organized to cope with the inundation of space information, it can pave the way in many fields toward 'use systems' of our knowledge, not just 'file systems'."

By this, he explained, he meant that highly technical information would be more easily understood and thus would be better applied in everyday living.

BUSINESS EFFECTS

"The effect on business and industry alone would probably far surpass the initial outlay of such a system, since an American businessman with a new idea needs little prodding," Glenn said.

Of his own field, Glenn said the immediate purpose of the nation's space program is "providing transportation to new areas and return."

"None of the manned space programs of the future is merely to prove that man can adapt and is reliable or can live aboard a space craft," he said. "The long range 'pay-off' comes when we start using these capabilities to learn new things."

But he emphasized: "We have developed an 'information gap' between the discoverers of the researchers and those who would normally make use of such information."

URGES RESEARCH

The astronaut also urged research into ways of increasing our mental capacity to absorb the additional knowledge made available. He noted that the average person, according to psychiatrists, uses only seven-tenths of one percent of his mental capacity.

After reviewing the National Aeronautics and Space Administration program to put a man on the moon, Glenn commented:

"We are certainly aware of the 'race' aspects of the lunar mission, but I feel the program is completely worthwhile even if there were no such place as Communist Russia."

"We cannot possibly pinpoint all the advantages and benefits that will accrue, but research and exploration have always had a way of paying off in the future, far beyond any expectation, and this is the grandest exploration of all time."

DAUGHTER OF JUDY GARLAND IN BIG TIME

By CYNTHIA LOWRY, AP Television-Radio Writer

NEW YORK (AP)—Liza Minnelli, Judy Garland's 17-year-old daughter, made television's big time Sunday night as a performing star on Ed Sullivan's CBS show.

She's very much like her mother, but California-size. She has Judy's voice but without that sad and wistful quality that has tugged at two generations of moviegoers' hearts. She looks like Judy, too, and has some of her mannerisms, including that odd, stiff-legged way of standing as if she were uncomfortable in high heels.

GOLD MINES ON TV

Old motion pictures, no matter how you use them, no matter what their age, are television gold mines.

Television stations all over the nation fill their schedules with feature films of other years, and there are places even for those dreary grade D movies produced on a shoestring and used to plump out triple-feature bills in the early 1940s.

The more recent big budget movies with big star names are used successfully by the television networks to woo audiences away from opposition bills of fare.

RICH NOSTALGIA VEIN

David L. Wolper, a young producer, has staked out an especially rich vein of nostalgia by using films made during the golden days of Hollywood.

He has already produced and sold several hour specials on the subject, collaborated in a summer series now in re-run. This fall he'll have "The Hollywood Story" on NBC—half-hour weekly shows relying on old footage clipped from film made in the days before and right after movies learned to talk.

Recommended tonight: Dick Powell Theater, NBC, 9:30-10:30 (EST)—Charles Bickford and a big cast in "The Old Man and the City," a drama about revenge. June Allyson is hostess on the show.

NEW YORK (AP)—William H. Eaton, 81, former publisher of the American Home magazine, died Sunday.

SAN BERNARDINO, Calif. (AP)—Dr. Roy L. Smith, 75, widely known Methodist minister and former editor of the Christian Advocate, died Saturday.

TEA AND SYMPATHY

TOKYO (AP)—Japanese tax officials are going to offer tea and sympathy to taxpayers.

The tax administration said tax offices throughout the country will hold an open house three times a month at which taxpayers will be served tea and offered "sympathetic" advice on their tax problems.

PARIS (AP)—Prof. Alfred Metreaux, 60, noted Swiss-born ethnologist, was found dead Saturday and police theorized he had died earlier this month of an overdose of barbiturates.

ANOTHER GOP LEGISLATOR OPPOSES TAX

HARRISBURG (AP)—A fifth Republican legislator has deserted the Scranton tax program in favor of one of his own. The proposed extension of the sales tax to clothing caused him to defect, he said.

Rep. Edwin D. Eshelman, Lancaster, said this weekend he was having a tax bill drafted which, he contended, would raise \$90 million in tax revenues.

Thus, he joined four of his GOP colleagues in open opposition to Gov. Scranton's plan to increase the sales tax from 4 to 4 1/2 per cent and extend its coverage to include clothing.

HAS OWN PROPOSALS

Eshelman said he was not opposed to the governor's spending program, just the manner in which he was raising the money—particularly the clothing extension.

The plan, Eshelman said, now is being prepared by the Legislative Reference Bureau and would contain these provisions:

—Raise the state inheritance tax on direct descendants from 2 to 7 per cent. Estimated yield, \$30 million.

—Raise the inheritance tax on indirect descendants from 15 to 20 per cent. Estimated yield, \$11 million.

UP TAX ON LIQUOR

—Raise the six-cent-a-pack cigarette tax by three cents immediately. Estimated yield, \$24 million.

—Increase the state tax on liquor sold in state liquor stores by 10 per cent. Estimated yield, \$25 million.

Last week four Republicans introduced a bill in the House which would retain the sales tax at a 4 per cent rate, but convert it to a general rather than a selective tax. Clothing would not be taxed.

MARATHON RECORD

MARIETTA, Ga. (AP)—Four couples and a stag are claiming a record for marathon dancing. They did the twist for 62 hours and 30 minutes, bettering a mark of 60 hours and 12 minutes set recently in Helsinki, Finland. Marietta's marathon contest ended early Sunday and was declared a draw among the nine twisters still on their feet.

NEW YORK (AP)—William H. Eaton, 81, former publisher of the American Home magazine, died Sunday.

SAN BERNARDINO, Calif. (AP)—Dr. Roy L. Smith, 75, widely known Methodist minister and former editor of the Christian Advocate, died Saturday.

Village Official Resigns To Himself

BALTONSBOROUGH, England (AP)—George Morris wrote himself a letter today resigning as secretary of the village hall committee.

He accepted his resignation with regret.

George and his wife Nancy are either secretaries or other top officials of most of the Somerset village's 18 voluntary organizations. George spends night after night writing letters as secretary of one organization to himself as secretary of another.

"I realized how ridiculous it was," he said.

DICK NIXON IS GETTING BACK IN SPOTLIGHT

By JACK BELL

WASHINGTON (AP)—Former Vice President Richard M. Nixon has joined the Republican unit parade in which New York Gov. Nelson A. Rockefeller and Sen. Barry Goldwater, R-Ariz., currently are bearing leadership banners.

Disclaiming any personal political ambitions, the man who lost the presidency to John F. Kennedy in 1960 suggested to the American Society of Newspaper Editors here Saturday that it might not be a bad idea if the 1964 Republican ticket were made up of Rockefeller and Goldwater. "The strongest Republican ticket would be the two of them," Nixon told the editors, "and certainly if Lyndon and Jack (Vice President Lyndon B. Johnson and President Kennedy) can get together, Barry and Nelson would."

LISTS PROSPECTS

The former vice president stressed again his contention that the man who gets the GOP nomination ought to be tested in the fire of next year's presidential primaries.

Naming Rockefeller, Goldwater and Gove. George Romney of Michigan and William Scranton of Pennsylvania as potential aspirants, Nixon extended an unofficial invitation for all to take potluck in next June's California Republican primary.

At the moment, however, the odds seemed to be against any such head-on collision of the four most mentioned as possible opponents of President Kennedy.

HOPES FOR RULE

Scranton, who has said he likes Rockefeller's chances, is giving no signs of taking up after the nomination. Romney presently is immersed in Michigan problems, although he may find himself more available in 1964.

Goldwater keeps saying he isn't seeking the nomination but only re-election to the Senate in Arizona. But he has let those who want to draft him for the nomination go ahead with that operation. Rockefeller has yet to decide which, if any, primaries he will enter.

Nixon obviously hopes not only to be a member of the delegation to be elected in the primary but to have a major voice in determining which candidate it will support at the nominating convention.

YANKEES GET TWO PLAYERS

WASHINGTON (AP)—"This gives us a better balanced team," said New York Yankee Manager Ralph Houk, explaining three deals made by the world champions—words that must have sent a shudder through the American League today.

The Yankees added left-handed relief pitcher Steve Hamilton and right-handed hitting utility man Harry Bright, and disposed of pitchers Jim Coates and Hector (Skinny) Brown, in a flurry of activity Sunday.

Hamilton came from Washington in a straight trade for Coates. Bright was purchased from Cincinnati for about \$25,000, and Brown was sold to the Houston Colts for the same price.

The Yankees needed a left-hander, since Whitey Ford has been slow rounding into shape and Bud Daley has a sore arm.

Bright fills the Yankee need for a right-handed hitter to spell rookie Joe Pepitone at first base. Pepitone has had trouble hitting left-handers.

Leif O. Nordlie has been coaching tennis and squash at West Point for 17 years.

Massive Psychological War Waged By Reds Matched By Allies; It's Lies Vs. Truth

By STANLEY MEISLER

WASHINGTON (AP)—From Radio Hanoi in English: "S.S. imperialists. Noxious chemicals." From Radio Moscow in Russian: "Executioners." From Radio Havana in Spanish: "Bacteriological warfare. Merchants of blood and death."

These charges and words of abuse are Communist cannon in the cold war.

They belong to an arsenal that includes millions of books, thousands of feet of film, magazines in 20 languages, traveling clowns and Armenian folk dancers.

LESS MASSIVE

All are used in the relentless, massive psychological warfare devised and executed by the Communist world.

This warfare is matched, although some say in a less massive and relentless way, by the United States and its allies.

Some Americans believe the Communists, in their psychological warfare, have an unfair advantage, that the Reds lie in their teeth and some of the unsophisticated people of the world gobble up the lies.

NO SIMPLE MATTER

If this belief were complete fact, battling Communist propaganda would be a simple matter. The United States and its allies would broadcast the truth. Truth eventually would catch up with utter falsehood. No one ever would believe the Communists again. But battling Communist propaganda is not a simple matter.

"Fabrications are part of Communist propaganda," says Orem Stephens, director of research and analysis for the U.S. Information Agency. "But the propaganda doesn't hinge on them. In general, Communist propaganda is based on the truth or some part of it."

As an example, Stephens cites the Communist propaganda campaign about the attempts of Negroes to register as voters in Greenwood, Miss.

QUOTE YANK CRITICS

The Communists do not have to fabricate always. They simply find articles written by Americans critical of the situation, Stephens

says, and then quote the articles on Radio Moscow.

Although USIA stresses that the mass of Communist propaganda uses truth, other specialists believe that the small amount of fabrication must not be ignored.

At a recent congressional hearing, for example, J. Leonard Reisch, an Atlanta television executive, testified that, while touring Africa, he heard a Communist radio accuse the United States of developing a germ that will kill colored people while leaving white people unharmed.

LESS AIR TIME

During 1962, the Communist nations broadcast 3,846 hours a week to other areas of the world, using most of the important vernacular languages, including, Kurdish, Hindi, Urdu, Swahili, Hausa, Mandarin and Armenian.

USIA's Voice of America countered with 761 hours a week, using some but not as many of the vernacular languages. This American effort, however, was swelled by the broadcasting of American allies.

In 1962, the Soviet Union published and distributed 40 million copies of 1,800 books and brochures in 34 non-Soviet languages. During the same year, USIA gave funds to help publishers overseas print 4.4 million copies of 649 translations of American books. In addition, the USIA distributed 756,000 books contributed by private Americans.

IT'S PROPAGANDA

Edward R. Murrow has freely conceded that the U.S. Information Agency, which he heads, is a propaganda outfit. But the propaganda it uses is the truth, Murrow told a House Foreign Affairs subcommittee last month.

To battle Communist propaganda and to improve the American image abroad, the USIA uses a staff of almost 4,000 and an annual budget of \$120 million. Murrow told congressmen that the Soviet Union probably has an operation four times as large.

\$200,000 FIRE IN PITTSBURGH

PITTSBURGH (AP)—A spectacular fire blamed on an arsonist destroyed two buildings in downtown Pittsburgh early today and resulted in heavy water and smoke damage to the Nixon Theater movie house.

Damage was set at \$200,000 by Fire Chief Stephen Adley.

Only the walls of a five-story building housing the lobby of the theater remained standing. A two-story structure containing a drug store and a tavern was wrecked.

Adley said the blaze was started "by a guy with a match." He said there was an explosion.

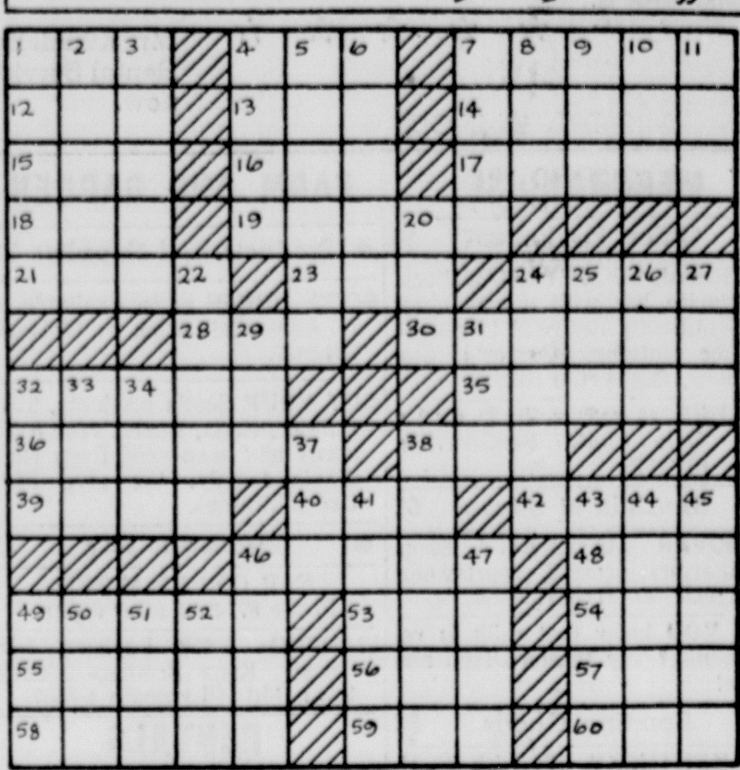

The chief said, "The lower section of the fire escape in the back was down. That's how the guy who started the fire got out."

SCATTER SPARKS

At the height of the six-alarm fire, flames shot 60 feet in the air, showering a city block with sparks and fairly large chunks of burning matter. The gushing sparks appeared like fireworks against the dark sky.

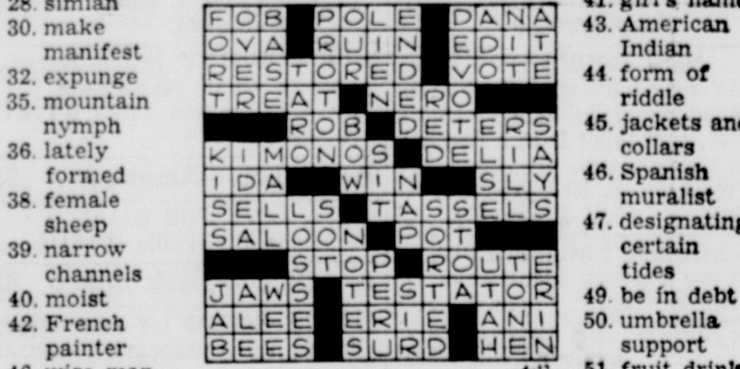

Firemen poured streams of water on the blazing Liberty Avenue buildings from extension ladders and from floors of the nearby

TEAMSTER, 23, BADLY BEATEN IN UNION FUSS

PHILADELPHIA (AP)—A young Philadelphia teamster was in critical condition at a hospital today as a result of labor violence flaring before a representation election.

Three other men were also beaten in the trouble that broke out Sunday. The violence came four days before members of four Teamsters locals will vote on whether to stay with present leadership loyal to president James Hoffa or back the Voice of the Teamsters, a dissident group.

The Voice of the Teamsters wants to lead the Teamsters locals back into the AFL-CIO and away from Hoffa's leadership.

Ironically the beatings occurred shortly after Hoffa had spoken to members of the locals, 107, 470, 331 and 312, urging them to avoid all violence before the election.

BROKEN ANKLES

In critical condition with head and internal injuries and possible broken ankles was Richard Gallagher, 23, of Philadelphia.

William Smith, 27, and his brother Joseph, 24, both of Bellmawr, N.J., were in fair condition. William suffered a concussion and hemorrhaging of both eyes. Joseph suffered head, internal and leg injuries. They were in fair condition.

Also in fair condition was Eugene Maui, 37, of Philadelphia, a member of the Voice of the Teamsters.

Voice spokesmen said the

chamber of commerce building. Window frames and blinds on the Chamber of Commerce building burst into flames. A number of nearby buildings suffered smoke damage.

The fire broke out about 3 a.m. and roared out of control for more than an hour. A few firemen suffered minor injuries. (No pickup)
